Hooray for Clinique's Stay Perfect Lightweight Compact Makeup, \$50, which makes our skin look, well, perfect all day. It's a feather-light refillable compact that comes with a sponge for mistake-proof application. No need to worry about what the weather's doing outside - it's humidity resistant, sweat-resistant and waterproof, and is SPF 15. For those with normal or oily skin who love a matt finish.
- 2. Minimal to the max**
If you love the feel of lightweight make-up, then Napoleon's Minimal Makeup, \$55, will be your new favourite. It goes on sheer and stays sheer, while concealing those few flaws we all have. It's oil-free, with good anti-oxidants, like Echinacea and Vitamin C, and SPF 10. For stockists, call (02) 9699 4299.
- 3. Nailing it**
Once you try them, you can't help but become a Mirinésse fan. Their new metallic Nailglazes, \$14, make your nails look lush, and they'll strengthen as they grow, thanks to added polymers. Best of all, they're non-chip, non-stain, and will dry in 60 seconds. For stockists, call 1800 666 880.
- 4. Heaven scent**
The tall skyscraper-shaped bottle of DKNY The Fragrance for Men is the first thing that will grab your eye, but any boy who wears this scent will be winning hearts all over town, guaranteed. Very, very sexy - 50ml Energizing Eau de Toilette Spray, \$80.
- 5. Bloomin' lovely**
Hollywood Bloom fans, who include Christy Turlington, Liv Tyler and Jade Jagger, will love the latest additions to the girly label - a funky, fitted three-quarter-sleeve T-shirt, \$39.95, and singlet, \$32.95. Originally designed just for staff, Natalie answered the pleas and made them available to all her loyal customers. Call (03) 9421 0200.
- 6. Revamp the vamp**
Wicked shades of purples, reds and pinks are on offer from the new season's range from The Body Shop Colourings, called Temptation. There's Liquid Lips, \$16, Lip & Cheek Tint, \$17, Quickshadow, \$17.50, Nail Colour, \$11.25, Eyeliner Pen, \$17.50, and a Too Tempting fragrance, \$29.95, so you can be a top-to-toe seductress. Who says winter is for staying at home? Call 1800 065 232.
- 7. Madame lash**
For big, luscious lashes, look no further than Volum' Express Mascara, \$11.50, from Maybelline. The secret to the newly improved version is the design of its anti-clump brush. The short bristles coat your lashes with volume-building ingredients, and the long bristles comb through and de-clump. Waterproof in Very Black is our new favourite for winter.
